SUMMARY

Senior software engineer specializing in full stack web development with 20 years of experience. I've contributed to developing social media, dating apps, SaaS platforms, and e-commerce sites, both in teams and independently. I am skilled in communicating technical concepts to non-technical stakeholders and fostering cross-functional alignment. I provide mentorship, promote knowledge sharing, and encourage collaborative problem-solving. Adaptable and open to feedback, I am committed to driving projects forward while fostering a positive, inclusive work environment.
